Audience: Special education and general education teachers and support staff; curriculum leaders; technology specialists; assistive technology staff; therapists; and administrators are all encouraged to attend.

SCECHs: State Continuing Education Clock Hours (SCECH) are available.

Cost: \$75 – includes registration fee, lunch, the book *Assistive Technology Solutions in Minutes* by Therese Willkomm, insulated bag and make-and-take tools.

THE SCHEDULE

8–8:30 Registration and light breakfast
8:30–9:30 Keynote speaker Therese Willkomm, PhD
9:45–3:15 Concurrent sessions, exhibit hall and lunch

The exhibit hall will feature a variety of vendors to visit with many opportunities for making items to take with you. Visit miregioniv.weebly.com for more information.

ABOUT THE KEYNOTE ADDRESS

A.T. Makers — Making Dreams Come True
Therese Willkomm, PhD

The keynote will address the assistive technology makers movement and the desire for everyone to be an innovator and maker of assistive technology solutions for all ages and all life functions. The keynote will include video clips and demos of over 100 amazing assistive technology solutions that can be created in minutes. Participants will discover how ordinary items can be quickly turned into extraordinary solutions and how neurodiversity of seeing the world upside down, inside out and backwards becomes a strength for inventing and making A.T. devices.
